

Coming soon!

Eaton 9PX 6 kVA lithium-ion UPS

Further expanding our successful lithium-ion double-conversion offering, the new 9PX UPS is ideal for enterprise IT, edge deployment and light industrial applications. It features lithium-ion batteries, remote firmware upgrades and seamless integration with leading HCI and virtualization platforms!

The 9PX lithium-ion UPS offers many advantages over traditional VRLA UPSs, including longer battery lifespan (8-10 years vs. 3-5 years, allowing set it and forget it deployment), reduced weight (20% lighter UPS, 40% lighter EBM), smaller EBM (2U vs. 3U), increased runtime (2-3x more at full load), longer warranty (5 years vs. 2 years) and reduced TCO.

Technical specifications

9PX UPS

Catalog number	Power rating (VA / watts)	Input connection	Output receptacles	Dimensions (H x W x D)	Rack size
