# How to connect Eaton's AbleEdge Smart Breaker with the AbleEdge Installer app

#### **Install Smart Circuit Breaker**

Ensure that the smart circuit breaker is installed into the loadcenter and powered up.

Refer to the instructions in the box or the installation video. Always use a qualified electrician to install and wire the smart circuit breaker.

The purpose of this app is intended for installers/ contractors to commission the smart breaker to the Wi-Fi network and connect it to a third-party organization (i.e. a third party Energy Storage System).

# Step 1B

Account setup

Welcome and press "Join an Organization"

#### Note: An

organization is who you are installing on behalf of and you can not move forward without an organization.

Enter invitation code and press "Submit"

Note: Your organization will need to provide you with an invitation code. Once code is accepted you can join organization.

Press "Join Organization"

Press "Create a New Site"

Add the site name (required), description and

site location where the smart breaker is installed and press "Next"
