AbleEdge Smart Breakers

Eaton's next generation of smart breakers enable flexible load management and help improve resiliency.

- 2 pole 15A-60A with GFCI protection
- Ability to control breakers remotely — ON, OFF (independent from trip mechanism)
- Revenue Metering (±0.5%)
- Bi-directional capable for DERs
- Real-time access to device state: Open, Closed, Tripped
- Access to the breaker through the internet (cloud connectivity)
- Critical Breaker ID algorithm built in, prevents overload through power outage
- Open platform with API documentation available
- Commissioning app for iOS and Android to connect devices to Wi-Fi and 3rd party systems
- Install directly into existing Eaton BR loadcenters, meter breakers
- Optimize installation- reduce the total cost of installation and number of boxes on a customers wall

Technical Specifications

Footprint	–	2-pole: Takes 2 spaces in a loadcenter
Voltage rating	–	120/240V; 208/240V
Frequency rating	–	60Hz
Ambient operating temperature	–	-30 °C to +40 °C
Humidity	–	0% to 90%, noncondensing
kAIC rating	–	10kAIC

Product Selections

Amperes	Catalog Number
15	SBR215WGF
20	SBR220WGF
30	SBR230WGF
40	SBR240WGF
50	SBR250WGF
60	SBR260WGF
