

Eaton's Wi-Fi smart home devices

Brightlayer Home App features

Smart Lifestyle. Smart Solutions.

Powering Business Worldwide

Simple to Use. Simple to Setup.

Meet the Eaton Brightlayer Home App

Homeowners can quickly set up and control Eaton's Wi-Fi smart home family of switches, dimmers, receptacles and fan controls from our easy-to-use Brightlayer Home mobile app — no hubs or controllers are needed. The app allows you to customize your device to fit your lifestyle. Once set up, you can easily integrate with Amazon Alexa and Google Home for voice control.

Set-up your devices in 3 easy steps!

No hubs or controllers required

1. Install your Wi-Fi Smart Devices
2. Download the Eaton Brightlayer Home App

3. Add your device to the app

*Accessory dimmer is controlled using Wi-Fi Smart Dimmer in app

**We hope you enjoy
your brand new
Eaton Smart Home!**

We make what matters work.*

* At Eaton, we believe that power is a fundamental part of just about everything people do. Technology, transportation, energy and infrastructure-these are things the world relies on every day. That's why Eaton is dedicated to helping our customers find new ways to manage electrical, hydraulic and mechanical power more efficiently, safely and sustainably. To improve people's lives, the communities where we live and work, and the planet our future generations depend upon. Because that's what really matters. And we're here to make sure it works.
